Smart Investing starts with having Options

START GETTING BETTER OUTCOMES

[Join Waitlist](#)

Let's explore what happens when you invest in a hedged outcome with Olive, and how that compares with buying the stock outright.

Downside cushion

Start to lose only if the underlier falls below the cushion price

Simplicity

No greeks, no legs to manually trade, and no strategy you have to Google. Yes to simplicity, control, and feeling good.

By September, Ken loses 29%

By September, **Stacy loses nothing***

Be like Stacy, invest with Olive.

*As of the date and time of initial postings. Upside ceiling and downside cushion are subject to change. Actual ceiling and cushion will be determined at time of trade execution.

All potential Olive outcomes exclude commissions or fees and assume that the positions associated with any trade or investment are held to expiry or maturity.
